4. Based on my experience in prosecuting class actions under the TCPA, I believe this settlement represents an excellent result for the class and merits preliminary approval by the Court.

5. My firm and that of my co-counsel have received no payment for fees and costs. Since beginning work on this case in February of 2018 my firm worked with no guarantee of being compensated for its time and efforts. Payment of my fees has always been contingent on successfully obtaining relief for the Plaintiffs and class members. As a result, there was a substantial risk of nonpayment, particularly in light of the legal challenges involved in litigating this case. Work on this case has necessarily been to the exclusion of work on other matters that likely would have generated fees. I have also been denied use of the any such fees the course of this case.

6. My firm has spent 190 hours prosecuting Plaintiffs' claims. Billed at my hourly rate of \$800 my firm's hours yield a lodestar of \$152,000. I am familiar with the billing rates for attorneys with similar experience, particularly with expertise in matters arising under the Telephone Consumer Protection Act, 47 U.S.C. § 227, et seq. and my billing rate is reasonable and is consistent with the rates of attorneys of similar experience and qualification. My firm additionally expended \$28,596 in reasonable and necessary expenses in the litigation, including expert fees, court charges and travel expenses.

Superior Court. I then served a second year as a law clerk for the Hon. F. Owen Eagan, United States
 Magistrate Judge for the USDC District of Connecticut.

8. In 1994, I was admitted to the Bar in Massachusetts. Since then, I have been admitted to practice before the United States District Court for the District of Massachusetts, the First Circuit Court of Appeals, the United States District Court for the District of Colorado, the Sixth Circuit Court of Appeals and the United States Supreme Court.

9. Following my clerkships, I was employed as a litigation associate with the Boston law firm of Hanify & King. In 1997, I joined the law firm of Mirick O'Connell as a litigation associate where I focused my trial and appellate practice on Plaintiffs' personal injury and consumer protection law.

10. In the summer of 2002, I was recognized by the legal publication Massachusetts Lawyers Weekly as one of five "Up and Coming Attorneys" for my work on behalf of consumers and accident victims.

14 11. In November of 2004, I started my own law firm focusing exclusively on the litigation
15 of consumer class actions and serious personal injury cases.

12. I am in good standing in every court to which I am admitted to practice.
